

Getting phone calls was usually a nightmare, especially around dinnertime. Telemarketers would caonstantly call and disrupt our lives. Since we signed up for DO NOT CALL our lives have become normal again---it is a genuine pleasure to not get those annoying calls.

Please do no weaken our N.J. Do Not Call law---it works and my friends & neighbors are grateful that it finally exists. We've wanted one for many years, It's a good law and it works!
